- GUJCET
- NTSE
- JEE (Main)
- NEET
- BOARD
- OLYMPIAD

MESSAGE FROM CHAIRMAN

Dear parents and students,

I have started my wonderful journey of teaching and educating the students of 11th & 12th (Sci) in Vadodara since 1989, with a **clear vision and passion** to provide value based education where teachers unconditionally share their knowledge reserves with students and student strives hard to quench their thirst for knowledge and attains a glorious life.

28 years of student's proud and parent's gratification

During this journey of 28 years "PARTH INSTITUTE" has inspired thousands of students and is honoured to send thousands of "PARTHIANS" in field of Medical and Engineering from our educational city Vadodara, we are proud to be a part of **student's success and their parent's gratification**, it is heartwarming that our **concerted efforts** on daily bases have churned out many **excellent doctors and engineers**, who have been instrumental in fueling the growth of our nation.

Our balanced way of coaching in this emerging era of competitive exams

In this emerging era of national level competitive exams like JEE (Advanced), JEE (Main) and GUJCET for engineering, NEET and AIIMS for medical we are spreading our wings for 5th to 10th standards to provide an integrated classroom and school programme where combined academic Programme of textbook Studies and competitive exam coaching is planned in a balanced way.

I am glad to announce a programme which is ideal for building a strong foundation **enchancing their IQ, analytical ability** and developing Parallel thinking from a very **early stage** in their academics carrier with more time to clear the fundamental and practice extensively for their **ultimate goal of top rank in JEE / NEET.**

May you all come out with flying colours....

Jagdish N. Nimavat

Cultural nurturing with education by *Nimavat Sir*, now from 5th std
